## **PRINCESS GRACE EMERGING ARTIST AWARD PROGRAMS**

The [Princess Grace Foundation-USA](#) has announced the availability of applications for the 2012 Princess Grace Awards in theater, playwriting, dance performance, choreography, and film.

Founded in 1982, the foundation identifies and assists emerging artists in theater, dance, and film, and has

awarded more than \$8.5 million to nearly six hundred individuals in the United States.

Dance Performance Awards are offered in the form of scholarships and fellowships. Awards are based on the applicant's artistic merit, significance of the award to current artistic development, and the potential for future excellence and impact on the field. Choreography Awards offer emerging choreographers the opportunity to create a new work with organizations with which they have little experience. (Deadline: April 30, 2012.)

Film Scholarships, awarded to undergraduate and graduate students, are by invitation-only. Approved university, college, and school film programs are invited to submit applicants via their department chairs or deans. Film scholarships provide funding toward the filmmaker's thesis project. (A complete list of accepted schools is available at the foundation's Web site.) (Deadline: June 1, 2012.)

All applicants must be U.S. citizens or have permanent resident status at the time of application. Additionally, all applicants (except playwriting) must be nominated by a nonprofit organization (school or company) with which they will be affiliated during the grant period (September 2012 to August 2013).

For more information, visit <http://www.pgfusa.org/>.

## ELMER'S & KIDS IN NEED K-12 TEACHER GRANT PROGRAM

The [Kids In Need Foundation](#), a national nonprofit organization dedicated to providing free school supplies to economically disadvantaged school children and underfunded teachers, has announced the second year of a teacher grants program sponsored by [Elmer's Products](#).

K-12 teachers across the United States are eligible to apply for one of approximately two hundred and fifty Elmer's Teacher Tool Kit grants. Grants will range from \$100 to \$500 for projects to be completed during the

2012-13 school year.

Grants will be awarded to teachers who wish to conduct classroom projects selected from a catalog of more than five hundred projects currently in the [Kids In Need Guide to Award Winning Projects](#). Grant awards will be based on financial need, description of how the particular project meets the educational needs of students and satisfies state standards or school curriculum requirements, and the number of students who will benefit from the project.

Please note: Although special consideration will be given to first-year teachers, all certified K-12 teachers are encouraged to apply.

As part of the Elmer's-Kids In Need partnership, Elmer's also will donate product to the foundation's [Kids In Need National Network of Resource Centers](#), twenty-seven facilities across the United States where teachers from low-income schools can obtain free school supplies for their students and classrooms.

Applications will be accepted beginning February 14, 2012, at the Kids In Need Foundation Web site. Visit the Web site for program guidelines and access to the *Kids In Need Guide to Award Winning Projects*.

**Deadline: April 30, 2012**

## **AARP FOUNDATION WOMEN'S SCHOLARSHIP PROGRAM**

The [AARP Foundation](#) has announced a call for entries for its sixth annual Women's Scholarship Program. The program provides funds to low-income women age 50 and older who are seeking new job skills, training, and educational opportunities to support themselves and their families.

To be eligible for a scholarship, applicants must be a U.S. citizen, be able to demonstrate financial need, and be enrolled in an accredited school or technical training program within six months of the scholarship award date. The program will give priority to women raising the family members of others, to women that have been out of the workforce for more than a year, and to older women veterans.

Scholarship winners are chosen on the basis of financial need, personal circumstances and achievements, educational goals, and the likely impact of the scholarship on their lives.

Scholarship awards range from \$500 to \$5,000, depending on financial need and the cost of the education or training program. The number of scholarships awarded varies from year to year, depending on the availability of funds and the number of applicants. In 2011, the program awarded over three hundred and fifty scholarships.

Funds may be used for partial or full tuition, fees, and books, and may be used for part-time as well as full-time study. Funds will be distributed directly to the institution.

Complete program guidelines and application procedures are available at the AARP Web site.

**Deadline: March 30, 2012**
